Chapter 1

NO ONE POV

It was a nice night and so Ashfur decided to go the river so he could his sadness out. When he gets there he starts to cry and talk to himself.

"Why him and not me? Is there something wrong with me?" Ashfur says while crying.

Just then his best friend shows up.

"How many times do I have to tell you to stop talking bad about yourself," the friend says in a stern voice.

"I can't help it, every time I see them together I just want to die," Ashfur says still sad.

Just then Ashfur's friend tackles him hard to the ground.

"DON'T EVER SAY THAT AGAIN ASHFUR, I WILL NOT LOSE YOU," the friend says yelling with anger.

"Why no one cares about me Scourge," Ashfur says looking at him.

(that's right Scourge is Ashfur's best friends)

"That's a lie, I do and I can't lose you because I.....love you and I'd rather die without you" Scourge says, Ashfur gasps.

"You.....you love me?" Ashfur asks, Scourge nods "I don't know what to say Scourge, but I have something to tell you," Ashfur says.

"What is it?" Scourge asks.

"I love you too," Ashfur says with a smile and Scourge with a huge smile on his face and then Scourge kisses Ashfur with love and pulls

away.

"You don't know how long I've wanted to do that" Scourge says and chuckles and so does Ashfur.

After a little while Scourge got off of Ashfur and they decided to cuddle together.

"Hey Ashy I want to ask you something," Scourge says wrapping up his tail around Ashfur's body and making his body heat up.

"What is it?" Ashfur asks looking at Scourge.

"I want you to leave your Clan and join mine" Scourge says, Ashfur gasps "before you say anything you don't have to answer right now I'm going to give you until the next moon which is in 4 days and if you haven't decided by then-then I'll know your not ready but if you are and decide before the moon make our signal and we will meet" Scourge says.

"Ok, but why do you want me to join your Clan?" Ashfur asks.

"Well do remember when you told me that you felt alone and like you had nobody that cared about you?" Scourge asks looking at Ashfur that nods "that's why, if you come with me you wouldn't be alone anymore you'd have me and there are other cats that have left their Clans and came to join us, so you would have something in common" Scourge says.

"Ok, I'll think about it," Ashfur says while he puts his head on Scourge, while Scourge smiles an kisses Ashfur's head.

Chapter 2

ASHFUR POV

It has been 4 days already and today I have to make a decision on 'do I go or do I stay'. While I was thinking I was taken out of my thoughts with someone cleaning their throat, I look and see Squirrelflight.

"Hey Ashfur how have you been?" she asks in a quiet voice.

"I'm fine, what do you want?" I ask in a rude way.

"I was hoping we could get back to the way things wore, you know before all that happened," she says.

"I'll pass, I want nothing to do with you ever," I said getting mad, I see tears falling from her eyes.

"Ashfur please we have been friends since we wore kits don-" I cut her off by yelling at her.

"NO SQUIRRELFLIGHT, WHAT YOU DID I WILL NEVER **EVER** FORGIVE YOU,"I say yelling at her with pure rage making her flinch and she runs away, that's when I noticed the whole Clan was looking at me "WHAT?" MIND YOUR OWN BUSINESS"

"ASHFUR" Brambleclaw yells, I groan.

"What do you want?" I ask still angry.

"I heard what you said and that was uncalled for," he says, I groan and roll my eyes and start walking away "don't walk away from me when I'm talking to you," he says getting mad.

"O were you talking to me or the whore you call a mate," I said while laughing a little.

Brambleclaw gets pissed and attacks me and we fight for a few minutes an just when I was going to kill him with my claws. But Tigerstar stops us and makes us tell him what happened, I decided to just ignore him and run into the forest and that's when I decided 'I'm coming to you Scourge'.

SCOURGE POV

I was still at my Clan since it wasn't time to meet yet, just then Bone shows up.

"Scourge your signal from your spy is going off," Bone says, I turn my head and see it going off, I hope Ashy's ok.

"Thank you Bone your dismissed," I said, he nods and leaves.

I start leaving and go to the forest to meet Ashfur. When I get there I see Ashfur waiting for me, I smile at him and when he sees me he smiles. Then we rub our fur together showing that we missed each other and we begin to purr with happiness.

"So Ashfur how you decided?" I ask still rubbing together.

"Yes, I have," Ashfur says as we separate, god please let him say yes "I want to come with you to your Clan," Ashfur says with a smile.

I got so happy and tackled him to the ground and kissed him.

After that, we headed to the Clan, when we got there we stopped and I said "ok Ashfur before we go in there I want you to stay right by my side ok, and try to ignore because they hate forest cats" I said, he nods and kiss him and we start heading in.

"Hey look, guys, fresh meat," a cat says.

"Forest trash," another cat says.

Every cat we saw called Ashfur names and I could tell it was making him sad, so I put my tail around his tail, when we get to my dumpster I tell Ashfur to wait here, he nods and I go to the top of the dumpster and call a meeting and they all come.

"I have called this meeting because of that cat" I point at Ashfur with my white paw "this cat's name is Ashfur he has been the spy I have been seeing and he's been a great help so he is not to be harmed and if any of you has a problem with it you come to me about it and if you hurt Ashfur you will die and just in case you don't know why I'm acting like this its because I claimed him as my mate" they all gasp and they all look at Ashfur and that makes him put his head down "so if any of you can't follow that rule and hurt my mate you will deal with my **claws and die** is that understood" I said in a demanding voice in the end.

They whisper for a few seconds and nod "good your dismissed" I get down and lead Ashfur to my den "Ashfur are you ready?" I ask as I get closer to him.

"Ready for what?" he asks as I get closer to Ashfur and making him fall on his back, he turns on his stomach and gets up but I pin him down "what are you doing Scourge?"

"For them not to testify for you staying I have to mate with you," I said while started kissing him all over.

"Scourge I have never done it with a male before I'm scared," Ashfur says in a scared voice, I kiss his cheek and said.

"Don't worry my precious Ashfur," I said before I slam myself into him making him scream in pleasure and moaning "I love you Ashfur," I said while fucking him hard and ruff as we both moan.

"I love y-you t-too.....SCOURGE" Ashfur screams my name as I shot my cum into him, now he's mine forever.

Chapter 3

ASHFUR POV

I wake up the next morning and I try to get up but pain shot through my body and I groan, I turn my head and see Scourge isn't here, just then he walks into the den with a dead bird in his mouth.

"Hey, your awake" Scourge says while putting the bird down in front of me "here you go your probably hungry from what happened last night" Scourge says as he chuckles.

"Thanks," I said, he nods and I start eating. After I ate and I rested a little bit longer Scourge showed me around. "Wow Scourge, what is all this stuff and what is it called?" I ask.

"Well those tall building right there are called apartments two-legs live in them" Scourge said look at it "and those are called shops over there and two-legs buy stuff at these shops," Scourge says, I nod but then something hit my nose and I sniff and it smells good.

(two-legs are us just in case you don't know)

"What's that smell it.....smells good?" I ask looking at Scourge, he chuckles.

"That's the bakery, around this time the two-leg that owns this place puts out fresh bread at this time a day, now I'm going to go get some you stay here ok" Scourge says, I nod then he kisses me and goes.

As I watch I see Scourge climb on the wood and then something shiny, then grabs the bread with mouth and then jumps down and runs back to the ally where I was, he then drops it an takes a bite.

"Taste it you'll love it," Scourge says with a mouth full, I take a bite and I moan it taste great "it's good isn't it?" I nod.

After we finished we went to other places but stops at some place "um Scourge what is this place?" I ask.

"This used to be my house when I was a kit an I haven't been here since then," Scourge says.

"Why did we come here?" I ask.

"I always wanted to come back but I was too scared to come alone," Scourge says, I put my tail around him and say.

"Well you're not alone anymore you have me," I said with a smile, he smiles back at me and kisses my cheek.

After that, we headed to Scourge's old home and when we get to the back of the house I see 2 cats eating when they see us they come to us.

"Who are you and what do you want?" the she-cat ask.

"Hey Ruby, Socks it's been a long time," Scourge says, they gasp.

"Scourge you know them?" I ask, he nods.

"Yes I do, they're my siblings I told you about," Scourge says, I gasp.

"That's them?" I ask he nods, I get mad "I should kill you 2," I said as I walk them but Scourge puts his tail around my body from leaving his side "Scourge let go"

"I'm not going to you get hurt Ashy" Scourge says as his tail gets tighter.

"Aw Tiny's trying to protect his friend how cute," she says while laughing.

I start getting really mad an I end up getting free from Scourge's grip and attack her then the other cat joins in.

TIME SKIP

Just as I pin them down getting ready to kill them another she-cat

that looks like she's in her elder years comes to me.

"Please don't kill my kits they're all I have left," she says as I see the sadness in her eyes.

"Ashfur let go and come back here now," Scourge says with a stern voice.

"You 2 are lucky I listen or you 2 would be dead," I said as I release my grip as they inhale in a deep breath as I walk back to Scourge and he looks mad, when I get to him he stomps his paw hard on my tail, I yelp "that hurt"

"That's what happens when other cats don't listen to me and believe me I can do worse, now lie down and don't move," Scourge says with a mad and stern voice.

"But Sco-" I get cut off with Scourge giving me a death glare, I gulp "ok I'll stay here," I said being scared.

He then walks turd them, then I say to myself 'please don't let this be the end between us please'.

SCOURGE POV

When I get to them mom goes in front of them to protect them.

"Look I don't know what you want but what he did was uncalled for," mom says being mad.

"Yea I don't know what got into him but I will take care of it"

"Who are you?" mom asks.

"It's me" she looks at me confused I take a deep breath and say "it's me.....Tiny" she gasps.

"Is it really you?" mom asks with her eyes starting to water, I nod and she comes to me and puts her head on my chest and cries with her tail around me and I do the same, she then lifts her head and backs up and looks at me "wow look at you, your so big, even bigger than me, Ruby, and Socks, you look great Tiny"

"Actually I go by Scourge now, that name has too many bad memories and it makes me mad so please call me Scourge"

"Ok, I can do that Ti-I mean Scourge," she says with a smile "so what have you been doing all these years?" mom asks.

I take a deep breath and start telling them what happened in my life.

TIME SKIP

"And that's pretty much all of it," I said, they look at me in shock.

"So that's why you have all that stuff on your collar," Ruby says, I nod.

After many questions mom finally asks the question I was dying to answer.

"Ok but what about him?" mom asks, I turn around and see Ashfur sad and talking to himself, he better not be talking bad about himself again.

"That's Ashfur, he's my mate," I said as I look back at them.

Chapter 4

[image]

NO ONE'S POV

After Ashfur was finally able to meet them the right way they all got along.

A little bit later they say goodbye and Scourge and Ashfur head home but not before Scourge said 'he would come to a visit again soon'. And when they got home and into the den Scourge pins Ashfur to the ground.

"Scourge what are you doing?" Ashfur asks.

"You're going to be punished by not walking for a while for what you did earlier," Scourge says lying down on top of Ashfur.

"Scourge wha-" he gets cut Ashfur by slamming himself into Ashfur.

Scourge did that so much that he cum in Ashfur for who knows how many times and Ashfur cums a lot as well and doing all that Ashfur couldn't feel his legs. When he was finally done Scourge got out of Ashfur and kisses Ashfur's cheek.

"I love you and I'm sorry I had to do that but what you did was bad for not listening to me when I said I don't want you to get hurt and the other thing is that what you did was hot it turned me on" Scourge says with a chuckle "and the last thing is that because of what you did I was able to reconnect with my family so thank you for that" Scourge says lying next to Ashfur.

"Well, I'm happy I was able to do something right," Ashfur says putting his head on his paws while still breathing hard.

"Whats that suppose to mean," Scourge asks, Ashfur doesn't say anything so Scourge puts his paw under Ashfur's chin and making his head move and look at him "what was that, why did you say it

like that?" Ashfur stays quiet "tell me"

"I said it like that because I was scared," Ashfur said with tears showing up.

"Scared of what?" Scourge asks while looking at him while still holding his chin.

"Because of what I did you'd leave me or make me leave the Clan, that's what I'm scared of being alone and without love," Ashfur says with tears.

Scourge kisses him on the lips with passion and then pulls away.

[image]

"That should answer that question and if not then I'll say it, I will never let you go, your mine and I'll kill anyone who keeps you away from me or takes you away from me and I will never let you leave, I love you and I will always love you even in death" Scourge says.

Ashfur smiles and puts his head on Scourge's body and says "thank you that means a lot Scourge, I don't know how I would handle the rejection I would probably die of a broken heart if that happens" Ashfur says.

"Well that's never going to happen so don't think that ok" Scourge says, Ashfur nods.

After that, they went to sleep.

TIGERSTAR POV

It's been a week an there hasn't been any sign of Ashfur, I hope he's ok, he's one of our best warriors and hunters.

'I hope you come back soon Ashfur' I said in my head.

Just then I started thinking about the fight that Ashfur had with Squirrelflight and Brambleclaw, I need to find out what happened.

"Brambleclaw I need you to come here," I said and he does.

"Yes, Tigerstar you called," Brambleclaw says.

"Yes, I want you and your mate Squirrelflight so I can talk to the 2 of you in privet," I said, he nods and leaves to get her.

I was waiting in my den then they showed up.

"Tigerstar we're here as you asked," Brambleclaw said as they both walk in.

"Good, sit," I said, they do "ok I called you 2 here because I never asked what happened that day Ashfur ran into the forest," I said looking at them.

"Well the day I told Ashfur I didn't love him in the same way he loved me I saw tears coming out and I started feeling bad so I ran to Brambleclaw for comfort and that's when he started running into the forest," Squirrelflight says.

"Ok, then what happened next?" I ask.

"After that, he started leaving almost every day into the forest and he would be gone for a few hours or be gone till morning and come back with a sad face still," Squirrelflight says with tears falling.

"What else happened?" I ask.

"After that, he stopped being around everybody, he just looked so sad and he even stopped talking to everyone," she says.

"Yea I noticed that too, he even stopped eating and hunting he would just lay around and not move all day until it was a certain time during the day and he would go into the forest and be gone for hours," Brambleclaw says.

"What else?" I ask.

"Um, o he also started to think so much that when any of us in the Clan would try to talk to him he would just keep thinking and walk away until I decided to try to patch things up and become friends again but he started yelling at me and telling me that he wants nothing to do with me, I have seen him yell before but not like that,

that yell was different, that tone in his voice was so cold and dark that it made me flinch and I was actually scared and ran away" Squirrelflight says, I nod.

"And that's where I come in as Ashfur yelled at her and when she left I yelled Ashfur's name, I started talking to him and he started to groan and walk away and he starts to act like he didn't know I was talking" Brambleclaw said getting mad "then he said something that I'm not going to say because she's right here and that will make me pissed, so anyway I tackled him and we fought and I was going to die in the position I was in but you came in time and thats it and thats all that happened"

I nod "ok thank you, your dismissed," I said, they nod and left.

I need to talk to Ashfur about what happened, but what he didn't know is that I knew about the signal to contact another cat so I'm going to use it when I get my chance to be alone.

Chapter 5

[image]

SCOURGE'S POV

It has been 3 weeks and we are still happy together and Ashfur has even made some friends and their names are Oreo and Fireheart, I'm glad he's happy and that makes me happy, but right now we're on my dumpster watching the clan together with me sitting and him laying down with his head on my body, he's been clingy lately but I don't mind, and he has been getting a chubby belly and he's hungry a lot and I wonder why.

[image]

[image]

(that's Oreo)

After a little while, later Bone shows up "Scourge your signal is going off again, did you have another spy?" Bone asks.

"No, Ashfur was the only one, whoever this is must have found the stuff we made to make the signal, don't worry I'll take care of it," I said, he nods and leaves "I better go find out what's going on"

"Can I come to I haven't had a chance to go into the forest to look for food for the clan, so please can I come?" Ashfur asks giving me that look that he knows I can't resist it.

"Ok, we'll go check on our signal first and then we'll hunt, but if it gets dangerous you come back home and tell Bone that there's trouble and you stay home until I get back, deal"

"Deal, thank you," Ashfur says while rubbing his head on my chest making us both purr.

When we got to the spot where we met Ashfur puts his paw in front of me to stop me.

"What is it?" I ask, he sniffs and says.

"It's Tigerstar, he's here, you need to hide now," Ashfur says as he pushes me into the bushes.

"What are you doing I am not hiding in the bushes," I said looking at him.

"Please Just go you'll be able to hear and see everything from right here so please for me, I'll do anything you want when we get home if you just do this for me, and I'll move my tail if I need you so please," Ashfur says with worry in and say. his voice, so I kiss him and say.

"Ok I'll do this for you and don't you forget what you said you'll do anything so" I chuckle "you're going to get it tonight"

"Ok, now go," Ashfur says.

I go into the bushes and watch.

ASHFUR'S POV

As soon as Scourge was hidden I said "alright come out and show yourself"

"Ashfur it's you, where have you been?" Tigerstar asks while walking out of the bushes.

"The real question is how did you find that stuff I made to make that signal because I never told anybody about it," I said.

"I found out about that signal one night you came back from the forest that night when I saw what you did it looked like you were waiting for someone and when that person didn't show up you left and I stayed, now that I have answered your question now answer mine, where have you been?" Tigerstar asks.

I'm shocked I was followed on one of those nights I would go see Scourge and if he didn't see Scourge that night that must have been one of those nights he couldn't come so I'm glad he didn't come on one of those nights.

"Um, I-" I get cut off with a different voice.

"Tigerstar there you are, what are.....Ashfur, thank Star clan your ok, where have you been?" Squirrelflight asks. While running to me and hugging me.

I don't like this I don't care about her, so I move my tail so Scourge knows I need him plus I can feel Scourge giving her a cold ice stare since she's touching me.

"HEY" they turn their heads, "STEP AWAY FROM WHAT'S **MINE**" Scourge says yelling with anger as he steps out of the bushes.

"Scourge," they both say at the same time.

"Squirrelflight back away from me right now or he'll kill you"

And she does and she goes to Tigerstar.

"Ashfur come over here or he'll kill you," Tigerstar says.

"O I would if I wanted to-"I said while Scourge comes beside me as his tail wraps around my body "but as you can see I'm a little held up at the moment" I chuckle "and another thing I don't want to" I look at Scourge and then back at them "I will not leave my mate" they gasp.

"You 2 are mates?" Squirrelflight asks.

"Yes we are, so you stay away from him he's **MINE** got it she-cat he doesn't need more heartbreak from you," Scourge says still angry.

"You don't know anything kitty pet," she says.

"Actually he knows everything, I told him everything, and if you call him that again I'll kill you," I said with anger at the end.

"Ashfur this is nuts just come home," Tigerstar says.

"I am home and no I'm not going to your clan, my clan is Blood clan now"

"You both heard him my clan is his home and we will be leaving now, come on let's go home" Scourge says while walking away and I start to follow him.

"Ashfur please come back home, I'm really sorry about that and plus I really want my friend back," Squirrelflight says in a sad tone.

"I'm sorry to both of you but I'm never coming back to a clan that makes me have heartbreak and that makes me feel alone, so goodbye," I said as I walk away with Scourge by my side.

"You ok?" Scourge asks I shake my head 'no' "do you still want to hunt?" I shake my head again "ok then I'll send someone to hunt instead ok" I nod.

As we were almost home I stopped, I started feeling funny.

"Ashfur why did you stop?" Scourge asks.

"Scourge I feel funny," I said and then I fall and pass out.

Chapter 6

[image]

SCOURGE POV

"ASHFUR" I yell in panic.

That's when I see some of the cats from my clan that was hunting come to us.

"Scourge what happened to him?" the she-cat asks.

"I don't know but one of you get Bone and tell him to bring Rose and tell him the order is from me," I said in a demanding voice.

The male cat goes, we waited for a few minutes then they showed up.

"What happened?" Rose asks as she checks Ashfur, even tho I hate other cats touching him I had to let this go, NO matter how much I hate it.

"I don't know, we were just walking back home after we went to see who made the signal that Ashfur made when he needed me and then he said he felt funny and then passed out and I don't know why," I said in a worried voice.

"I see, well we need to get him to my den so I can check him really good, so Bone help Scourge pick him up," Rose says.

"Are you insane, you know the rule he made, anyone that touches Ashfur is dead, so no way, I have a mate and I'm not leaving her yet," Bone says being scared.

It's true I did make it a rule that no one could touch him although I have made it ok for his friends since they like to play so only they can.

"Bone its fine I trust you, so help me"

When we get Ashfur up we headed to her den and when we get there we put him down gently and she tells us to wait outside because she needed room to move, so I do and wait outside, please let him be ok.

ASHFUR POV

When I wake I see I'm in a den but not Scourge's den.

"O you're awake, that's good," the she-cat says.

I look at her and I've never seen her before.

"Who are you and where am I?" I ask.

"I'm Rose the medicine cat of Blood Clan and this is my den," Rose says, I nod.

"Ok, but what am I doing here?" I ask.

"You passed out" I just nod "now I'm going to check you and see if there's anything wrong ok" I nod again "good now please lay down on your side and I'll check you ok"

"Ok," I said.

****TIME SKIP****

"Well you seem fine, just let me check your tummy and then you'll be done ok," Rose says, I nod.

She begins to close her eyes and then puts her paws on my stomach and moves around and says '*mm* and *aha* and *o my*' while doing this thing, but I have to admit it feels good and that makes me purr.

"I was right," Rose says with a smile.

"What?" I ask.

"That spot I was rubbing on your tummy only makes them purr for 1 thing," Rose says.

"What?"

"You're pregnant," she says with excitement.

"That's not possible, I'm a male, not a female"

"Even male can get pregnant if they have found the soulmate, an I guess Scourge must be it because you can't get pregnant without mating" Rose says with a chuckle, I heat up being embarrassed "hey it's ok I've gotten pregnant before so there's no need to be embarrassed, anyway how are you going to tell Scourge?" she asked.

I start to get worried what if he doesn't want them or me anymore because of this.

"I don't know, what if he doesn't want them or me anymore because of this, o god he's going to leave me" I start crying.

"Hey shh shh calm down ok, he'll want both of you and your kits, he won't leave you," Rose says while I'm still crying.

"You think so," I said still upset.

"I know so and if you ever need someone to talk to I'm here for you ok," Rose says.

"Thanks," I said, she nods.

I then leave her den and go to find Scourge, just then Bone comes over to me.

"Ashfur if you're looking for Scourge he's at his dumpster," Bone says.

"Ok thanks," I said with Bone started walking away "Bone wait" he stops and looks at me "can I ask you something?"

"Yeah sure go ahead," Bone says.

"Um, how would you act if your mate was pregnant?" I ask, he chuckles.

"Are you kidding I would be thrilled, why do ask?" Bone asks,

"Well, it turns out I'm pregnant with Scourge kits and I also wanted to know how do you think he'll take it?" I ask.

"Ok 2 things, 1 congrats and 2 I think he'll be thrilled," Bone says with excitement.

"You think so"

"Indeed, now go and tell him, he's worried about you," Bone says with a huge smile, I nod and leave to go find Scourge.

As I turn the corner I see Scourge talking to a she-cat, I couldn't hear what they were saying, but then she kisses him and he doesn't pull away, I start to cry and I turn back around and run away from him and go see Bone again.

"Bone," I said crying, he turns around and looks at me.

"Ashfur are you ok?" I shake my head 'no' "did you tell Scourge?" I shake my head again "then why are you crying?" Bone asks I start crying harder.

"I-I sa-saw Sc-Scourge kiss a-another c-cat, I should have known nobody would love me," I said crying and then I take off running with Bone yelling my name to stop.

BONE POV

After I lost Ashfur I ran to Scourge finding him kissing River.

"Scourge what are you doing?" I ask being mad.

They pull away "Bone this not what it looks like, trust me, she kissed me by surprise," Scourge says.

"Really, well then you must know that Ashfur saw you kissing her an then ran off right"

"WHAT" Scourge yell.

"It worked," River says and that makes us both confused.

"What worked?" we both say at the same time.

"My plan to make you mateless so we can be together like we're supposed to be," River says with a bit of evil in her voice.

I'm mad but Scourge goes into a complete rage and attacks her and kills her instantly then takes a tooth out of her mouth and puts it on his collar.

"We must find him I WILL NOT LOSE HIM" Scourge yells at the end.

I nod and we head out to look for Ashfur.

Chapter 7

[image] [image]

SCOURGE POV

We've been searching for hours and there hasn't been any sign of him, I hope we find him so I can explain what happened.

"Anything?" I ask looking at the search team, they shake their heads 'no'.

"We'll find him Scourge," Bone says.

Just then one of the warriors comes with a cat "Scourge I found this cat here and she needs to see you"

"I'm not in the mood to see anybody right now"

"Not even me," she-cat says.

I turn my head and see Ruby.

"What are you doing here?" I ask.

"I'm here because I think you lost something," Ruby says like its a joke.

"Look here she-cat we don't have time for your jokes, get her out of here NOW," Bone says being mad.

They then start pushing her out of here but then "ok I'll go, but you'll never know where ASHFUR IS" Ruby says as they push her out of here.

"WAIT, STOP" they stop "where is he?" I ask.

"Come with me and find out," she says.

So I went with her to go find Ashfur with Bone by my side, finally

we get to the house I grew up at and as we walk in I see Ashfur lying down.

"Ashfur" I run to him and rub myself on him to show him that I missed him "Ashfur you had me worried sick, don't do that" he doesn't do anything he just looks broken "Ashfur, Bone told me what you saw and I wanted to tell you is that she kissed me"

"I don't care, just go have fun with your new mate," Ashfur says with sadness while putting his head on his paws and turns away.

"Ashfur she's not my mate, you are and I would never hurt you, it turned out she had a plan to break you and me apart so she could be with me instead," he says nothing "I got pissed at what she was doing so I killed her and took a tooth from her mouth, this tooth" I point as he moves his eyes to what I'm pointing to it "was from her mouth and ripped it out after I killed her"

He does look at me but doesn't say anything.

"If you don't, believe me, you can ask Bone, he's right outside, do you want me to get him?" I ask, he nods "ok I'll go get him"

And so I did and after Bone explained on what happened Ashfur forgave me and we went home. So right now were lying down in the den for the night.

"Scourge I'm sorry for running off," Ashfur says while having his head on my body.

"You scared me, I thought I was going to lose you, you are the last piece of my good side I have left if I ever lost you that piece will die too and I will become completely cold hearted"

"I can't be the only reason, you made up with your family that should be another piece of good in you now," Ashfur says.

"I may have made up with them but that's not enough, but you are, that's why I'm protective over you because I can't lose you," I said looking at him and I can see that he wants to tell me something "whats on your mind? You look like you want to tell me something"

"Um, yes there is but are you sure you want to hear it because I'm scared you won't like it," Ashfur says.

"How can I not like something if I don't what it is, so tell me"

"Ok" he takes a deep breath "I found out what happened to me when I passed out and something else" he stops.

"What and what else?" I ask.

"While she was checking me it turned out it happened because I was stressed out for what happened earlier and it turns out.....I'm pregnant with your kits," he says, I gasp.

"How is that possible your a male?"

"Well it turns out according to Rose if someone finds their soulmate you know their other half they can get pregnant even if its the same sex, but the most part is that how are you taking the news?" Ashfur says.

"Well I'm shocked and I'm excited to meet my kits and you know what this means right" he looks confused.

"What?" he asks.

"Well for 1 is that I'm going to more protective over you and 2 now that I know you can get pregnant we are going to be having a lot of kits" I said and I see him looking a little scared and so I lick him to calm him down a little bit "because I'm planning on having a big family with you"

"I don't know if I like that idea because every time I get pregnant it last 6 weeks and according to Rose I'm 3 weeks already and you can't get me pregnant again until the kits no longer need milk"

"Ok, I can do that, but once that's over every time I will get you pregnant every time again an again an again because I'm planning on keeping you pregnant" I chuckle.

"How many do you actually want and you do know you can't push a body too far or the person could get sick or die," Ashfur says.

To tell you the truth I never knew that, so I need to be careful so don't lose him but I'm still excited that can get him pregnant and make a family.

"Ok, I'll be careful and I don't know how many I want I just want a lot so that I know that our family will grow into a bigger family, and when you reach the limit tell me and I'll stop getting you pregnant"

"Thank you, as long as you know my limits you can do it as many times as you want," Ashfur says.

After he said that he turns me on an start rubbing his dick with my tail and that makes him moan and rolling to his back as I did that I got up and go over him and make him suck my dick while I was doing his with my tail still, he cums first and then I cum in his mouth and make him swallow it all.

After that was done we cleaned each other up and went to sleep for the night with my tail around him so I will know if he moves I'll know.

Chapter 8

NO ONE'S POV

Ashfur is now 5 and a half weeks pregnant, just one more week and he'll give birth and he can't wait.

But right now he's with Scourge all the because Scourge won't let Ashfur leave his side. If Ashfur wants to see his friends Scourge has to go with him or his friends have to come to him with Scourge watching him the whole time.

But anyway Scourge and Ashfur are at the dumpster watching the Clan while Scourge's tail rubs Ashfur's adorable pregnant belly making him purr and relax making him lay agents Scourge's body.

"I can't believe 1 more week and they'll be born," Scourge says.

"Yes I know I can't wait to meet them too, how many do you think is in here?" Ashfur asks.

"Well I think 7 kits are in there and what about you, how many do you think are in there?" Scourge asks.

"Hm, I don't know, but the way they are moving in here I would say about maybe 6 or 7 because they move a lot in here and, OW," Ashfur says with pain.

"What's the matter?" Scourge asks with worry.

"These kits are moving in some weird way, OW, this hurts," Ashfur says with pain.

"BONE," Scourge yells and then he shows up.

"Yes, Scourge" Bone says.

"Go get Rose now, something is wrong with Ashfur and tell her to

meet us at my den" Scourge says.

"You got it," Bone says as he runs to get Rose.

Scourge got Ashfur to the den, just then Rose shows up.

"What's wrong?" Rose asks.

"It's my stomach it just started hurting, OW," Ashfur says with pain and with tears.

"I need to check your stomach ok," Rose says and Ashfur nods with pain.

After Rose checks Ashfur's stomach and she gasps with a smile.

"What, what is it, Rose?" Scourge asks.

"He's fine, he's just going into labor early, and yes it can happen sometimes, I should know a friend of mine did," Rose says "now I need you to lie down, there you go, when I say so I need you to push ok"

"Ok, OW," Ashfur says still with pain.

****TIME SKIP TO THE BIRTH****

After Ashfur gave birth and clean them up he just laid there and let them drink, that's when Scourge and Bone came in, while Rose gave Ashfur some leaves that will help him gain some of his strength.

"How is he?" Scourge asks.

"He's fine, tired" she chuckles "but fine"

"Hey Scourge, want to meet them?" Ashfur asks being tired, Scourge chuckles.

"Are you kidding, of course, I do," Scourge says as he walks to them "o wow look at them all, how many are here Rose?"

"There are 9 of them, there are 6 males and 3 females, but I must warn you this one" Rose says as she points to a kit that has black fur

with a white paw and light gray spots "is the smallest one of the others so I'd watch him very closely because he may or may not live long" Ashfur starts to cry "but he looks healthy just like his siblings but just to save you know" They nod.

Rose and Bone left and leaving Scourge and Ashfur alone with kits.

"So what are we going to name them?" Scourge asks.

"The little one that Rose talked about I was thinking **Grayspot** and this female one with white fur **Angel**, this one with black fur with red in it I was-" he gets cut off.

"Can I name this one?" Scourge asks, Ashfur nods with a smile "I want to name this one **Blood** because of his blood red color on him"

"Ok, that's fine and if you want to name them too go ahead, they are yours too," Ashfur says.

"Ok, and I was thinking about this one" Scourge points to a solid dark gray kit "could be **Clover** and this one" he points to one with dark brown and light brown kit "could be **Streak**"

"I like them and now we have 4 more to name," Ashfur says.

"I know and this one that is orange and black fur, what about.....**Fireblast** hm?" Scourge says.

"Hm, **Fireblast**.....ok and this one is black and white like Bone a little and so how about he become **Skull**," Ashfur says.

"Ok, and since this one looks like me except for the white tip on her tail, how about **Star** and since this one looks like you how about you name this one Ashy" Scourge says.

"Ok, I like **Wolf** because he has the same color as the grey wolfs, what do you think?" Ashfur asks looking at Scourge.

"That sounds perfect, so we have named them all so why don't we get some rest ok" Scourge says.

"Ok," Ashfur says.

And after that, they went to sleep for the night.

Chapter 9

ASHFUR POV

It has been about 4 days since I gave birth and I'm still in the den with them, I haven't left the den yet, and I bet you are wondering where is Scourge is? Well, he said he had something to do and he's been gone for hours but before he left he kissed me and got me food and he made Bone and Brick watch over me while he's gone.

While I was lying down feeding them when Bone showed up.

"Hey Ashfur, how are you doing?" Bone asks as he sits.

"I'm ok, still haven't gained all my strength yet but ok," I said and chuckle and he nods and chuckles too.

"And how about them and how many are there? I've been dying to know" Bone says.

"Its fine, they're just feeding and there's 9 of them, there are 6 males and 3 females"

"Wow, that's a lot, most of us and I mean females can only have like 2 or 3 and if your lucky 4 kits, but 9, all I can say is wow just wow," Bone says and laugh.

"I know and Scourge told me about that, does your mate and you have kits yet?" I ask, he chuckles and nods.

"Yes, she has been pregnant 3 times," Bone says, I nod.

"How many do you have? If you don't mind me asking?" I ask.

"No not at all, well when she was pregnant the first time she had 3 and on the second time she had 4 but 2 died so, but anyway the third litter she had 3 again, all together we have had 8 kits," Bone says with a bit of sadness.

"Wow and I'm sorry about the loss of your kits," I said.

"It's ok and thanks," Bone says and I nod.

So after that, we just talked for a while before he had to leave to go back to do Clan stuff, I then started getting sleepy so I take a nap.

SCOURGE POV

I left the Clan to go get my mom so that she could see her grand kits, when I get there I see her laying on on her back with the sun hitting her tummy.

"Hey mom," I said as she turns her head and sees me and gets up and comes to me.

"Hey Scourge, this is a surprise, what brings you here honey?" mom asks in really happy tone.

"Well I wanted to show you something, so will you come with me to my Clan so that I can show you?" I ask.

"Sure honey, lead the way," mom says.

So we go back to the Clan and when we get there I put my tail in front of her to stop her.

"Mom I need you to stay by my side ok," I said and she nods.

When we get there I take her to my den where Ashfur was and so she can meet her grand kits.

"Stay right here ok, I'll be right back," I said, she nods. I walk into my den and I see Ashfur asleep with the kits being fed, I go back out and let her in and she sees them and gasps.

"O, honey they're adorable, who's the mother?" mom asks.

"Ashfur, as it turns out he can get pregnant and have kits"

"O wow, that's just wow," mom says.

"What's with all the noise about?" Ashfur asks still half asleep "AH,

where did you come from?" Ashfur screams a little getting scared.

"I brought her, I that she could see her grand kits," I said.

"O, that's fine, but next time WARN ME," Ashfur says and the yells at the end.

"Ok sorry, anyway mom these our kits," I said with a chuckle.

"O they're so beautiful honey and I see this one is small like you were, do they have names yet?" mom asks.

"Yes they do mam and please don't make fun of my kit," Ashfur said with a bit of anger.

"I'm sorry mom, he gave birth 4 days ago and he still not himself yet," I said with a chuckle.

"It's ok, I've been there and I'm sorry I wasn't trying to be mean," mom says.

"I'm sorry too, anyway we have 9 kits, there are 6 males and 3 females," Ashfur says.

"Wow," mom says and Ashfur nods.

Ashfur then use's his tail and point to each kit and says they're names "Grayspot, Angel, Clover, Streak, Fireblast, Skull, Star, Wolf and Blood, and that's all of them, well until he gets pregnant again" he looks at me and I chuckle and wink at him.

"Your planning on have more" mom asks, I nod "why?"

"I want a big family," I said.

The hours went by and I took mom back home and we ate a dead mouse for dinner and then went to sleep.

Chapter 10

[image]

MYSTERY PERSON'S POV

As I watch Scourge and Ashfur play with their kits, it makes my blood boil as I watch them being happy together. But not for long, soon my Scourgey we will live happily ever after, once Ashfur and those kits are gone.

ASHFUR POV

I can't believe my kits are going to be apprentices today, my babies are not going to be my babies anymore, I then start to cry.

"What's the matter Ashy?" Scourge asks.

"My babies their all grew up to fast, I want my babies back," I said still crying "Scourge"

"Yeah Ashy" Scourge says.

"Can we have some more kits?" I ask looking at him and he smiles and kisses me.

"I'd love to have more with you and like I said I was planning on having a lot with you," Scourge says with a chuckle.

"I can't wait," I said.

****HOURS LATER****

NO ONE'S POV

It was time to call the Clan to be announced that it was time to assign the apprentice's to meet the mentors.

"Let all cats old enough to catch their own prey gather to MY DUMPSTER for a Clan meeting," Scourge says and the cats gather to

the dumpster "I have called this meeting to announce that all young kits that have proven themselves to step forward" there was a lot of young kits besides Scourge and Ashfur kits, that also stepping forward "I would like to congrats on your kits on becoming an apprentice's tonight, when I call your names you must step forward and wait until I call your mentors and they will give you your collars and that cat will be your mentor" Scourge says.

After almost every cat was called and assigned a mentor and then there were 3 kits left, but it got interrupted by guards showing up.

"Scourge, I to ruin this but a lot of rogue cats are attacking and they have already killed 6 of us," the guard says.

"ALL CATS GET READY, I WANT SHE-CATS AND KITS THAT CAN'T FIGHT TO GO TO THE SAFE DEN AWAY FROM HERE, WARRIORS GET READY AND APPRENTICES YOU WILL STAY HERE AS A SECOND DEFENSE TO PROTECT THE CLAN AND KITS DIDN'T GET THEIR COLLARS MUST GO WITH THE OTHER CATS THAT CAN'T FIGHT, THAT'S IS ALL, YOUR DISMISSED, WARRIORS GET READY" Scourge yell as the Clan gets ready.

"Papa" Scourge looks at his kit "what's going to happen to Grayspot, he never got his collar," Angel says.

"Don't worry, he will get his collar when all this is over, now go get ready and don't worry about your brother," Scourge says and she nods and then leaves.

Once they were ready they left to fight. Ashfur stayed behind along with some warriors and his 2 friends as a defense to protect the Clan.

Just then they were attacked by surprise. They didn't know that was going to happen and they lost, but the leader only told them to knock them out and when they all were, they took Ashfur.

Grayspot just killed 2 of those cats when he was that they were taking Ashfur.

"DAD" he then runs to them "let go of him," Grayspot says being

mad.

They didn't listen to him, all they did was tackle him and made him pass out. After that, they left with Ashfur and disappeared into the shadows and they were gone.

Chapter 11

[image]

SCOURGE POV

After we killed most of them before they ran off, we then went back to the Clan. When we get there we see all the warriors knocked out.

"Go look around the Clan and see if you can find out what happened, but be on your guard"

We all then go in different directions and look around the Clan.

"Papa" I turn my head and see that its Star "I found Grayspot over here knocked out, come on," Star says and then leads me the way.

When I see him I run to him "Grayspot" I said as I shake him with my paw "Grayspot, come on wake up"

Then he starts to wake up "hu" then his eyes just shot wide open "dad, dad"

"Hey hey easy, what's the matter and what about daddy? And do you know what happened here?" I ask.

"Yes, we were caught by surprise by rogue cats that were not in the Clan and we all fought but they didn't kill anyone, they just knocked us out and after that they took daddy" he then starts crying "I'm sorry papa, I tried to stop them but they overpowered me and knocked me out, I'm sorry that I failed to protect daddy" Grayspot says while having his head down and was still crying.

I put my paw under his chin and raise his head so that he looks at me "hey you tried and I'm proud of you for that and you didn't fail, you telling me what happened shows you did good ok" he nods and I smile a little "now you stay here and rest and don't worry, we will find Ashfur, Star you stay with your brother" I said.

"Yes papa," Star says.

I then left and to see about the Clan, while I was thinking of a plan to get back what's MINE.

Don't worry Ashfur I'll find you.

ASHFUR POV

When I wake up I see a lot of cats looking at me.

"Go tell the leader he's awake," the cat says as one of them leaves.

"What is going on and why am I here?" I ask as I start to get up, but the cats hold me down.

"O you won't be moving, so don't try to get up," the cat says with a chuckle.

"When Scourge finds me, he's going to kill you all," I said getting mad.

"I doubt that we are nowhere near BloodClan territory Ashfur," a she-cat says as she walks in.

"Leader welcome," the cat says as he bows his head.

"Thank you, now it's nice to see you Ashfur," she says, I look at her with confusion "you don't know who I am, do you?" I shake my head 'no' "I am Scourge's true mate, not you, but you stole him from me, so what did you promise him, so that you could be with him?" she asks.

"I didn't promise anything to him, when I first met him I was in the forest crying my eyes out," I said.

"Why?" she asks.

"A she-cat I had feelings for just used me to get to know another male that was the second in command of my old Clan, I was going to ask her to be my mate, but she told me that she never loved and that she was in love with that other male and after that I started going into the forest a lot to just get away from them, and then Scourge shows up and that's what happened"

"I see, well I am sorry for what happened to you, but I can't have you going back to Scourge because he's mine," she says.

"No, he's not, he's mine and he will never be with you because he loves me," I said getting mad.

She laughs "we'll see after what we have done to you, go get them," she says and the cat nods and leaves.

"Who are you and why are you doing this?" I ask.

"How silly of me, my name is River and Scourge thought he killed me, but no, it took me a while to get my strength back and as I saw how you and your kits played with him it made my blood boil and when I make him mine those kits are going to be killed" she says while laughing and I get pissed and try to struggle to get free.

"THAT WILL NEVER HAPPEN, SCOURGE WILL NEVER BE WITH A UGLY CAT LIKE YOU" I get free and tackle her and we fight "AND I WILL NOT LET YOU HURT MY KITS" I yell with anger.

"Get him off me," she says as I keep attacking her, just then I get tackled by 3 cats and the other holds me down "I must say you caught me by surprise and I was going to tell them to be easy on you, but not now, have fun boys" she then walks away with a limp.

After she was gone I saw a lot of male cats all around me and then I felt someone slammed their dick into me hard and that makes me scream.

This went on for hours and the last one was done and then left. I was so sore I couldn't move and I was crying.

2 weeks later

It has been 2 weeks and there hasn't been any sign of Scourge. I'm starting to give up hope that Scourge will come for me.

Over the 2 weeks, I have been fucked by every male that doesn't have a mate, I am so sore and full their cum inside me and all over my fur and I don't move anymore because every day I fucked by a different male by the hour.

But there is something good being here, their medicine cat is very friendly to me and he brings me food and water and checks on me every day. He hates his Clan and he wants to leave but he has nowhere to go and so one day I said if I ever get out of here he could come with me.

I was alone and then she shows up "hello Ashfur how are you?" she asks like she cares, but she doesn't, I don't say anything I just lied there on the ground and to her I was broken "I think we broke him at last, now Scourge will be mine" she laughs and I start crying.

Scourge please save me.

Chapter 12

[image]

SCOURGE POV

We have been looking for Ashfur for 2 weeks and there has been no luck, where could he be. We have been looking for him and we haven't found any clues. As I was thinking one of the guards came to me.

"Scourge I hate to bother you but this cat just showed up out of nowhere and was asking to speak with you, but the way he said it, it sounded like he's never heard of you," the guard says.

Strange every cat knows me, how does this cat not know me, I guess I'll have to see him and find out.

"Very well send him" he nods and leaves, "the rest of you that heard what he said none of you say my name, so I can see if he really doesn't know me, got it," I said in my demanding voice and they nod as the guard returns with the cat that has black fur and with gray strip on his head "what do you want cat and I've never seen you around here before"

"Please I need to see this cat named Scourge, it's important," the cat says with worry, but why?

"And why do you need to see Scourge and what's your name cat?" I ask.

"My name is Blackfur and I'm here because Ashfur sent me here to find this Scourge guy and he said he was his mate," Blackfur says and my eyes open wide.

"You know Ashfur?" I ask.

"Yes I do, now please tell me who Scourge is so that we can save him before my leader kills him," Blackfur says.

"I'm Scourge"

"You could have said that a little sooner, but anyway if you want to save him then we must go like NOW," Blackfur says.

"Very well" I turn to Bone "Bone your in charge, half of the warriors come with me" I then jump down from my dumpster "lead the way cat" he nods.

He leads us to the forest and it took an hour, when we got to his Clan we hide in the bushes.

"Scourge" I look at Blackfur "Ashfur is in that cave" he points to it "and Scourge there's a kit in that cave " he points to it "and he's my little brother, I have a hunch you will kill them all, but please don't kill him he's all I have left, the leader killed the rest of my family and forced me to join or she would kill him and so please"

"Well since your helping us get Ashfur back I will help you save your brother and what's your rank in this Clan?"

"I'm a medicine cat," he says.

"Ok, how would you like to join my Clan and become our second medicine cat," I ask looking at him.

"If you let my brother come with me, I will join your Clan," Blackfur says.

"Very well"

After our talk, we came up with a plan to get his brother and Ashfur back.

NO ONE'S POV

As they just finish their plan Ashfur screams, they all hear him scream that makes Scourge pissed.

"This starts now, battle stations" they all go in different directions and getting ready for the plan to start "you go to the cave where your brother is and wait until someone comes to get you" he nods

and leaves.

Blackfur goes to the cave where his brother is while Scourge's warriors start the second part of the plan. When they were all ready they attacked.

And while they were fighting River was in the cave watching Ashfur getting fucked like always and she watches him because she thinks it's funny. Then she waves her tail and telling them to stop and they do and she goes to Ashfur in front of his tired face.

"You know how to stop this Ashfur, all you have to say is those words, you know 'I'm Scourge's, true mate and you let me have him' that's all you have to say," River says.

Ashfur looks at her "never going to happen you bitch" Ashfur says in a tired voice.

"Very well, continue," River says.

As they start to do it Scourge walks in with Blood all over him.

"IF YOU LAY A PAW ON HIM I'LL RIP YOUR HEARTS OUT" Scourge yells in rage.

And that makes them all jump at that rage.

"Hello Scourgey, have you come to see your true mate me?" River asks.

"YES I AM AND I CAN TELL YOU THIS" Scourge goes closer "YOU AREN'T LEAVING HERE ALIVE" he yells still in rage.

"I don't think you want him anymore" she walks around Ashfur "I mean look at him he's covered with all the males cum inside him and its all over his fur and he didn't even try to stop them, he just let it happen, if I was your mate I would never do that" River says as Ashfur looks at Scourge with tears.

Scourge gets more pissed and then something snaps in him and he runs to those males that were touch Ashfur and killed them without even a blink and then Brick and the warriors show up.

"Scourge we killed them all" Brick then see River "River your alive? But how I saw Scourge kill you"

"Well he didn't and since you won't be with me neither will HE," River says and then attacks Ashfur and he screams in pain.

Scourge then tackled her and they fought until Scourge started shredding her body and then ripped off her head and then he stood there breathing heavy and with more blood on him and trying to catch his breath.

"Scourge I've never seen you act like that before," Brick says being a little scared.

"That will show to everyone that if anybody takes him away from me or touches him they will die just like her" he looks at her dead body and then back to Brick and his warriors "let that be a reminder to everybody that" he pointed at her body "that was my full power of what I can do" he then goes to Ashfur "hey Ashfur, I'm sorry I didn't find you sooner"

"It's ok, but I have to tell you I was starting to lose hope that you would come and how did you find me?" Ashfur asks being tired and just laying on the ground.

"Your friend Blackfur came to the Clan and got us," Scourge says as he reaches to touch but Ashfur flinches "Ashy you know that I would never hurt you right"

"I know but I can't help it when you get used hour by the hour for 2 weeks straight as a sex toy you get too scared and I know you wouldn't hurt me and I'm sorry I couldn't stop them from do-" Ashfur gets cut off with Scourge kissing him.

"Don't, I understand Blackfur told me everything, now let's go home" Scourge says.

"I can't move, with them fucking me all the time I'm to sore to move," Ashfur says as he cries.

"Hey it's ok we'll carry you, you 2 I nee-" Scourge gets cut off.

"NO, please don't leave my side," Ashfur says while crying and being scared "I don't want anyone touching me but you please"

"Ok ok sh sh just calm down, if it will make you feel better I will be one of the cats that will carry you ok" Scourge says and Ashfur nods.

After they got Ashfur on their backs they headed home and while they were walking home cum was leaking out of Ashfur while sleeping.

"Um Scourge your mate is leaking all over my back," the cat says with discussed.

"You can get cleaned after we get home and he's back in my den" Scourge says with no emotions while Ashfur was sleeping. When they got home they were greeted by their kits, they were going to say something but Scourge gave them a look not to speak.

When they finally got into their den they put Ashfur gently down on the ground, after that Scourge dismissed the cats and then laid next to Ashfur with his tail around him and then went to sleep.

Chapter 13

ASHFUR POV

As I wake up I see that I'm back home, but I see that I'm alone and I start to freak out.

"Scourge, Scourge," I said as I start to panic and curl into a ball and cry "Scourge.....Scourge" I start closing my eyes and cry harder. I then hear someone comes in but I don't look and when someone touches me I scream in a panic way and start shaking in fear.

"Ashfur it's me," Scourge says, I then open my eyes and I see it he brought food "it's ok, calm down it's just me" I see the worry in his eyes but I can't stop shaking in fear "it's ok, I won't let anybody touch you, your save here Ashy"

"I'm sorry I'm like this, I must be one hell of a mate for you hu," I said still scared.

"Now stop that, I know what they did wasn't your fault ok, your friend that medicine cat told me you fought and tried to stop them but they overpowered you and used you and I'm sorry I wasn't there sooner to stop them, but we couldn't find you, but I wouldn't have stopped looking for you because I love you" Scourge says and then kisses me "here eat your probably hungry" he then use his paw and moves the food closer to me "now eat that and I'll go get you some water"

"Ok, but don't be gone too long, I don't want you to leave my side right now," I said and he nods and leaves.

****TIME SKIP****

It has been 2 weeks already and I'm fully healed now, but I never leave the den because of what happened I am too scared to go out and I still don't like being touched because I go into a panic attack.

But I have been getting better on trying to come out but everytime a cat comes near me I get scared and run back in shaking in fear.

"*God Scourge must think I'm pathetic as a mate,*" I said in my head.

Just then Scourge comes in.

"Hey Ashy want to try to come out today?" I shake my head 'no' "come on Ashy, I'll be by your side ok" I'm still scared but I know I have to face my fears and so I nod and he smiles "thanks Ashy for trying"

As we start to walk out I hear a voice from behind.

"Scourge" Brick says.

And that makes me jump and runs back inside and curl into a ball and shake in fear.

"BRICK, I was about to get him out for the first time, so this better be good," Scourge says being mad.

"I'm sorry Scourge, but Bone told me to tell you that his mate has just given birth," Brick says.

"Very well, thanks for the news, your dismissed" Scourge says, Brick then nods and then leaves and Scourge comes back in "come on Ashy try again"

"I can't, no matter how hard I try I'm scared it will happen again," I said with a tear falling "I mean come on look at me, I'm not the same Ashfur you met, you should just forget about me and find another mate that's not scared like me" I said while putting my head down.

Just then I feel Scourge's tail wrap around my throat and pulls me right in front of his face and I can see that he's mad.

"Now stop that, I have told you a hundred times to stop talking bad about yourself, you know what I think you need punishment" Scourge says with no emotion in it.

"For what?" I ask.

"For talking bad about yourself again, and I will tell the Clan to not come and visit you and neither will the kits, you will be alone until I say otherwise," Scourge says as his tail lets go.

I start getting scared "No, please don't do that, you know I don't like being alone for too long"

"Well then I'll give you a choice, you come outside with me right now or I leave you here alone and block the exit so you can't get out," Scourge says.

"You wouldn't dare," I said.

"Try me," he says in a stern voice "so what's it going to be? Are you coming with me or are staying here?"

"Scourge I'm just too scared to leave," I said as I start to cry.

"So you're staying then?" Scourge asks, I put my head down and he sighs "very well then" he then walks out of the den and then I see the exit getting blocked.

But when I get to the entrance it was too late, I try to move it but I couldn't.

"Scourge please let me out don't do this," I said while still crying.

"I'm sorry Ashfur, but if you can't trust me to protect you then this is the only way" Scourge say from the other side.

"A mate wouldn't do this to their mate"

"It's called tuff love Ashfur, I'll see you later," Scourge says as I hear him walking away.

"NO DON'T LEAVE IN HERE, don't leave.....me here.....alone," I said as I cry harder and lie down.

Chapter 14

SCOURGE POV

As I leave Ashfur there I could hear him crying, I hate to do this but he has to learn that I won't let anything happen to him and if I have to do this then o well.

I was at my dumpster watching the Clan like I always do, but then my kits showed up.

"Hey papa why is the dumpster blocking the entrance with daddy in it?" Star asks.

"Your daddy needs to learn that he doesn't need to be scared and that we can protect him, I gave him a choice and he chose wrong, but don't worry he's only staying like that until its night then I'll move it"

"Doesn't this seem a little overboard, I mean he's terrified being alone right now," Blood says.

"I know what I'm doing," I said.

"Well I don't think so," Skull says.

"I agree with Skull papa, what if you doing this makes daddy leave you because of what you did," Clover says.

"First of all, he wouldn't do that and 2 he's too scared to leave the den and 3 I wouldn't let him leave because he's MINE and I will kill anybody that tries to take him from me, now leave and don't worry about Ashfur I have a plan" I said and they leave.

The day went by and as it started getting to sunset I decide it's time to let Ashfur out. So I walk to the den and move the thing that had it blocked the entrance and then walk in.

"Ashfur," I said as I see him curled into a ball.

He looks at me and comes and buries his face into my chest and starts crying while shaking.

"Please, d-don't do th-that a-ag-again," Ashfur says being scared with a stutter.

"I wouldn't have done it if you would stop talking bad about yourself and thinking I can't protect you," I said as I look at him.

"It's not that I d-don't trust you, I know you can protect me it's just I'm just to sc-scared because of what happened," Ashfur says as he looks at me with tears falling.

I use my tail and wipe the tears away "Ashy if you do trust me then trust me that I will always protect you and I know that what happened to you was terrible but I do want you to try to come out tomorrow and you don't have to go anywhere just stay outside, that's all and I will be with you"

"I don't know if I can," Ashfur says.

"Look, if it gets too scary just do like you always do, just bury your face into my fur just like you were doing a little while ago," I said.

"Ok, I'll try," Ashfur says and I smile.

"Thank you," I said and then kisses him.

After that, we curl in together and he falls asleep with me watching him until I fall asleep.

The day after we ate I started getting Ashfur outside the den.

"Come on Ashfur, you said that you would try"

As he starts to come out I can see that he's scared to and I understand that, but he can't stay in there forever. When he finally gets all the way out he sits down and looks around like seeing if there's anybody coming.

"Nobody is coming, I told them to stay away for the day, so it's just you and me"

After a while, I was able to get him to a spot that had a lot of sun and we just laid there relaxing with my tail around his body.

****TIME SKIP****

Over the past 3 days, he's gotten better coming out and I'm proud of him for that, but right now he's with me on my dumpster with me rubbing my tail on his body to keep him calm.

"Hey, Scourge can we go see Rose," Ashfur asks.

"Why is something wrong?" I ask with worry.

"I'm not sure, but I have to ask her something," Ashfur says.

"Ok, come on"

After we left the dumpster we headed to Rose's den, when we got there we walk into it.

"O, hi Scourge and Ashfur, what can I do for yeah?" Rose asks.

"Um, Rose I um.....Scourge I can't say it in front of you, so can you wait outside," Ashfur asks.

"Um ok" I start to turn and leave as my tail rubs his body.

So I just wait here till he's done.

ASHFUR POV

"So Ashfur what did you need to see me about?" Rose asks.

"Well while I was gone I was used as a sex toy and I was always getting full with their cum and shouldn't I start feeling pregnant by now"

"I see, so you want me to see if your pregnant" I nod "ok I can do that, just lie down and I'll start checking you," Rose says.

So I do and she starts doing her job and starts going all over my body and while that was happening Scourge comes in.

"Hey, Ashfur are you.....HEY GET YOUR PAWS OFF HIS BODY, HE'S MINE" Scourge yells in a possessive way as he walks to me and stands over me since I'm still laying down "what gave you the right that you could TOUCH HIS BODY"

"Scourge I asked her too"

"Why?" he asks looking at me since he's still over me.

"I asked her because I wanted to see if I was pregnant"

"Are you?" Scourge asks.

"I don't know, let her finish with the test to find out"

So he does and looks at my body and I can see that she's about to say something.

"Well I see that.....your not pregnant," Rose says.

"But how is that possible I was used by ever male and being full with their cum after hour after hour for the last 2 weeks how can I not be?" I ask being very confused. She chuckles.

"You better not be laughing Ashfur Rose" Scourge says being protective.

"I'm not, and I can tell that your confused Ashfur and the thing is you can't get pregnant" Rose says.

"But I did before" I start getting more confused and I don't show it but I was a little sad, I was hoping to be pregnant again.

"Yes you did but by Scourge your soulmate and since your a male, only that person can get you pregnant, so if you want to get pregnant again you need Scourge for that and I can tell that in your eyes you want too," Rose says.

"Is it true Ashfur, do you want to get pregnant again?" Scourge asks.

"Yes"

"Well, I can fix that whenever your ready" Scourge says and I smile.

After that, we left Rose's den and since it was getting late we headed to our den and sleep with Scourge's head on my body and his tail wrapped around my tail.

Chapter 15

GRAYSPOT POV **(surprise)**

I was training and was trying to get strong like papa so that I won't let him down.

"Bro you have to stop training so much or you're going to overwork your body and that's dangerous," my sister Angel said.

"I'm fine sis, and besides I have to train so I don't fail.....again," I said as my voice starts to break.

"Again?" Angel mumbled and then she gasps "Grayspot are you talking about when the Clan was attacked and they took mama" I lower my head as a tear falls "it is, isn't it?"

You heard her right she calls daddy mama and he doesn't mind being called that, some of us call him dad or daddy or mama and we just call Scourge papa.

"Yes it is, I failed to protect dad and the Clan, that's why I train nonstop, now leave me alone I have more training to do," I said and then I take off running away from her.

ANGEL POV

After he left I ran to papa and mama and when I find them at the dumpster I see papa nibbling mama's ear and I hear him moan.

"Ew, can't you guys do that in your den," I said, they stop and look at me.

"What do you want Angel, we were a little busy," Papa says as mama hides his face and wacks papa with his tail "ow, what was that for?" papa asks.

"That was for making me moan in front of my daughter, what do

you need honey?" mama asks.

"I need you guys to talk to Grayspot, he's been training nonstop and I'm worried about him"

"I see, ok lead the way and I'll talk to him," mama says.

I lead mama to Grayspot's training spot and when we get there we see him fighting a dog. After Grayspot killed the dog he took the claws and took a tooth and puts it on his collar.

"Grayspot" mama says, he turns around and looks at us and I see that he's mad at me.

"ANGEL I told you I was fine and you go get mama, I should hurt you," he says being mad, I gulp.

"You will do no such thing to your sister," mama says with a stern voice.

"She has no right getting in my business," he says.

"She has every right to when it's about your health, and because she's your sister she cares about you" mama then looks at me "Angel please leave so that I can talk to him in privet"

"Yes mama," I said and leave and hoping that this will help.

ASHFUR POV

After Angel left I started to talk to him.

"Gray, kiddo what's wrong and why are you training so much?" I ask.

"Because I have too," Grayspot says.

"But why everybody trains for a reason, so what's yours?" I ask.

"I have to train to protect the Clan.....and you," Grayspot says.

"Why me?"

He takes a deep breath "when the Clan was attacked by those rogues and then knocked out they started to take you and I tried to stop them but I lost and got" his voice starts breaking " knocked out, I train so hard, so that if there's a next time I will not fail" Grayspot says as I see tears fall and his head down.

I got closer to him with my tail wrapping around him "Gray it's ok, I don't blame you for that" I look at him and I still see tears falling "do you want to know something?" I ask.

He looks at me "what?" Grayspot asks.

"Now don't tell your papa this because I haven't told him yet" I look at him "can you promise not to tell anybody"

"Yes, your secret is safe with me," Grayspot says.

"Good" I look around to make sure that it's just us 2 and then went back to looking at him "I'm pregnant with your new brothers and sisters" he gasps being happy.

"Really?" Grayspot asks with a little laugh.

"Yep, now you can't tell anybody right"

"Right," he says.

"Good and I want you to stop training for a while"

"But-" I cut him off.

"No buts," I said with a stern voice.

He sighs "ok I'll stop for a while"

"Thank you"

After we spent the rest of the day together and when it was getting dark we called it a day and I decided I'll tell my other kits the news tomorrow and Grayspot already knows I'll do this.

The next morning I snuck out of the den and that's when I see

Grayspot has already gotten the others, but before they asked why they were here I just told them to follow me first and they did.

When we got to the spot where Scourge and I would meet we stopped.

"Dad what is going on and why did you want all of us together?" Skull asks.

"I've asked Grayspot to gather you all up for a reason" I said.

"And what's that?" Blood asks.

"How would you guys like it if I was pregnant again?" I ask looking at them all.

"I'd love it, we would have little siblings," Clover says with excitement.

"Same here," Wolf says.

"Dido" Streak says.

"Same" the rest of them says at once.

"That's good to hear because.....I'm, pregnant with your new siblings"

They all get excited and talking about how they can't wait for them to get here.

"Ok listen, who wants to come with me and-" I get cut off with other cats coming out of the bushes and I gasp and see it's my sister Ferncloud and Brambleclaw and Squirelflight.

"Ashfur, what are you doing here?" Ferncloud asks.

"Wouldn't you like to know" Fireblast says with sass into it, he is so much like Scourge.

"Watch it, kit or I'll teach you some respect," Brambleclaw says.

They laugh "respect to who.....you or her or her" Fireblast says.

"Be careful Fireblast these cats are from my old Clan ThunderClan, the dark and light brown one is Brambleclaw and he's second in command and the one that kind of looks like me is my sister Ferncloud and your aunt and the orange one with a white paw is Squirelflight and she's the cat that broke my heart before I met your papa" I said.

"Wait she's our aunt too?" Star asks being surprised.

"Yep"

"You can get pregnant," my sister says, I nod "your a freak" my eyes start to water, then I start to breath heavy.

"Dad, you ok?" Grayspot asks with worry.

All of them look at me, just then I go into a rage and yell and attack my sister and I won after I broke her leg.

"I suggest you leave before I break something else of yours," I said being mad.

After they left we headed home and I asked them if they wanted to see the look on Scourge's face when I tell him and they all said 'yes'. And we decided not to tell Scourge what happened and we went hunting so it looked like that's what we did while being gone.

After we got back home we see Scourge at his dumpster eating a rat, then he sees us.

"Where have you all been?" Scourge asks as he licks his lips.

"We went hunting papa," Star says.

"Ok," he says then goes back to eating.

"Hey Scourge I have to tell you something," I said.

"What is it?" Scourge asks.

"We I wanted to tell you that I'm preg-pregnant again" he goes into shock and then gets off the dumpster and comes to us.

"Are you really?" I nod with a smile "this is great news" Scourge says with excitement.

"We know," they all say at once.

Chapter 16

BLOOD POV

After we heard that mama was pregnant me and my other siblings decided to always stay by mama's side until he gives birth, o and mama is only a few more days till he gives birth.

But right now me and Clover are with mama right now outside his den but Clover is inside.

O and did you know that it's winter now and there's snow everywhere.

"OW" that made me go in there.

"He's going into labor Blood, you go get Rose and I'll stay here with dad," Clover says, I nod.

"Ok"

I leave and get Rose and when I get there I tell her and she goes while I go tell my other siblings and papa. After I told everybody we just waited for Rose to be done so that we could see our new brothers and sisters.

We waited for hours, then she finally came out.

"How is he?" we all ask at the same time, she chuckles.

"That's cool how you all do that, but anyway he's fine and waiting for you," Rose says then leaves.

We all had to take turns since their den was not big enough for all of us at once.

After it was finally my turn I see that mama has given birth to 5 kits.

"Wow mama you did great, which is which?" I ask.

"Thank you kiddo and they don't have names yet but there are 3 females and 2 males," mama says.

After we all got to see them mama and papa said they would have names for them tomorrow and so we all can't wait to know what they are tomorrow.

ASHFUR POV

After my older kits left it just left Scourge and I and we started coming up with names for the new litter.

"So what are we going to call them?" Scourge asks.

"I have some ideas"

"Ok, tell me," Scourge says.

"Ok, as soon as I saw them I came up with names like real quick" I pause for a minute "ok, so this one that is solid white like Angel, I was thinking of calling her **Icyfrost**, and this one that has tan fur with black in it I was-" I get cut off.

"How about we call her **Thorndaisy**" Scourge says, I think for a second.

"Ok, Thorndaisy it is, and I was thinking about this one that has dark gray fur and this big white spot on his fur that looks like a patch and so I was thinking we could call him **Patches** because of the spot on his back," I said.

"I see, that does seem to fit him perfectly because of that spot, so now it's just these 2 left and it looks like their twins," Scourge says.

"Yes they are twins but their different genders, ones a male and the other one is a fe-" I yawn "-male"

"You need to rest Ashy," Scourge says.

"I will, once we name the twins"

"Fine, what do you have in mind?" Scourge asks.

Well since their both solid black and I was thinking of the female one could be called Midnight and the male one could be Darknight" I said and then looks at Scourge and I see him thinking on what I said.

"Hm, I like it, I like them all" Scourge says, I smile.

After that, we went to sleep for the night.

****the next morning****

The next morning after Scourge got me something to eat he left to do his Clan stuff, while I ate I could feel the new kits feeding.

After a while I laid down when I hear someone coming so I get into the fighting mode and tackle the cat down and after I did I saw that it was my other kits and I see that I tackled Skull.

"O I'm so sorry Skull, my instincts took over to protect the little ones"

"It's fine, I understand and can you please get off me," Skull says.

After I got off of him and went back into the den and started feeling the new kits feeding again while my other ones come in.

"So did you come up with names?" Star asks.

"Yes" I move my tail and point to each one I named "**Icyfrost**, **Thorndaisy**, **Patches**, and these are the twins, the female one is **Midnight** and the male is **Darknight**"

They talk about how they are going to protect their brothers and sisters from any danger.

Chapter 17

SCOURGE POV

While Ashfur is with all the older kits and the new ones I went to see my mom.

After I got there I see mom and Socks and Ruby panicking.

"What's the matter with you 3?" I ask and they turn their heads and gasps.

"Thank god, you're here, we need your help," mom says.

"With what?" I ask.

"A mother has died by one of those moving machines" **(car)** "that those two-legs use to get around and now these 3 kits have no mother and the father has run away," mom says.

I go to the kits and I see that they look like they were just born.

"When were these kits born and I ask because they look like they were born today," I said looking at them closer.

"They were born yesterday," mom says.

"Like mine," I said.

"What do you mean?" mom asks.

"O right you don't know, I came here to tell you that we have another litter of kits and they were born yesterday too," I said and they gasp.

"How many did he have this time?" Socks asks.

"He had 5" I then sniff the kits "these kits will not survive if they

don't get fed soon"

"Then what are we suppose to do?" Ruby asks.

I think for a minute "shouldn't you be able to give them milk?" I ask looking at my mom.

"I can't, I haven't had any in years, plus I tried and nothing came out," mom says.

As I was thinking it hit me "Ashfur and some other females have had some kits and maybe they can help, grab a kit we're going to my Clan"

All 4 of us head over there and when we get there we were able to find a female to take them and after that, we headed to Ashfur and then I saw my kits guarding him and I was so proud.

"Papa your back and who are they?" Grayspot asks.

"O right you haven't really met them, this is my mom and your grandmother and this Socks and Ruby my brother and sister and they are your aunt and uncle, they came to see the new litter," I said.

After they unblocked the entrance and we go in and they see them.

"O hey, hello mam and Socks, Ruby, I guess your here to meet the new kits," Ashfur says, they nod.

After talking for hours and saying how cute they are and they started going home and the kits start going home for the night, while I lied down with him and I lick him and put my head on his neck and we sleep with my tail around them.

Chapter 18

[image]

TIGERSTAR POV **(warning smut in this chapter)**

After I heard on what happened to Ferncloud I decided it was time to go see Ashfur in person in BloodClan territory.

"Holt" I turn my head and I see cats with collars on "what are you doing here in BloodClan territory forest cat?" a male cat asks.

"I'm here to your leader and his mate"

"Follow us and don't try anything funny," the female says. I nod and follow them.

As I followed them I saw that BloodClan looks like and I see males and females and kits and as we kept walking I saw a cat that looks just like Ashfur but doesn't.

But then we came to a big dark green thing with Scourge on top of it.

"Scourge this cat here wants to talk to you and Ashfur," the cat says, Scourge moves his tail and that makes the cat bow his head and leaves.

"What do you want Tigerstar and what do you want with my Ashfur?" Scourge asks with no emotion.

"I came to talk to Ashfur really about what happened in the forest"

"I that we already had that talk," Scourge says.

"O so you already know about Ashfur attacking his sister"

"That I did not know.....ASHFUR" Scourge says and at the end, he yells.

"What Scourge?" I turn my head and I see him with other cats and kits with him.

"Come up here," Scourge says. Ashfur says something to the cats and then climbs up "did you attack your sister?"

"Um yeah, why do you ask?" Ashfur asks, Scourge then points to me and Ashfur turns and looks at me and gasps "Tigerstar what are you doing here?"

"I came to find out why you attack your sister?"

"I attacked her because she was calling me a freak for being pregnant," Ashfur says.

"Wait you can get pregnant?" I ask being shocked.

"Yeah he can, you got a problem with that" I turn my head and I see a male cat that looks like Scourge and Ashfur put together.

"We got this Grayspot, we can handle this" Scourge says.

"Ok papa, come on little ones let's go see some of your other brothers and sisters," Grayspot says.

"Ok," the kits say at once.

I then see Scourge and Ashfur laughing.

"Grayspot you better watch them very closely you hear me," Ashfur says being stern with him.

"I will don't worry," Grayspot says, then leaves with the little ones.

"You have cute kits Ashfur," I said.

"Thank you," Ashfur says.

"Is there anything else that you want or is that it?" Scourge asks.

"Actually there is one more thing"

"What is it?" they both ask at the same time.

"After what I have seen here I have really high hopes that maybe we can all live in peace and maybe we can give you some forest added to your territory so that you can hunt," I said.

"Are you saying you want Scourge to come to a Clan leaders meeting on the next full moon?" Ashfur asks trying to be clear.

"Yes, after what I saw I do believe that we can live in peace" they look at each other "so what do you say?"

"Gives us a minute," Ashfur says.

"Of course"

NO ONE'S POV

As Tigerstar sits there waiting for their answer and Scourge and Ashfur was talking.

"Ok Ashy, you know more about this stuff then I do and so what do you think?" Scourge asks.

"Well what Tigerstar was saying sounds good and if we can get some of the forest it would help the Clan get a lot more food and I could teach them how to hunt in the forest in the right way, and living in peace would be nice and our kits without me being worried all the time and our future kits because I know you and you'll want more" Ashfur says with a chuckle.

Scourge chuckles as well "your right I do want more and I understand what you're saying and with some forest it would help a lot for us, so ok let's do it," he says then smiles.

They then turn around and face Tigerstar that was still waiting.

Ashfur cleans his throat to get Tigerstar's attention "we have made our decision and we will come to the meeting"

"Great, the next meeting is in 2 weeks, and you know who he's supposed to bring right Ashfur?" Tigerstar asks.

"Of course," Ashfur says.

"Ok then" he then starts to walk but stops "o and Ashfur make sure you come too because they're going to ask questions on both sides of the story" they nod and Tigerstar leaves and goes home.

After a few hours later Scourge told Ashfur to follow him and he did and they went to Scourge's secret hidden den he had. When they got in Scourge covered the entrance and then goes to Ashfur and kisses him, soon the kiss started turning into a make out, then they started mating.

"What got you into a mating mood?" Ashfur asks.

"It's because of what you did earlier, being so smart and protective, it was cute and hot," Scourge says.

They started kissing again while Scourge's tail went into Ashfur's hole and that makes him moan. This went on for a while until Scourge pulls out his tail and that makes Ashfur whine.

"Get on your stomach" Scourge says in a sexy demanding way.

Ashfur does as he's told and then Scourge gets on top of him and then puts his dick into Ashfur.

This makes Ashfur moan some more and it makes Scourge groan as he keeps fucking him.

"I love.....you.....Ashfur" Scourge says breathing heavy as his tail grabs Ashfur's dick and starts jacking him off.

"I.....love.....y-you....too.....Sco-Scourge" Ashfur says breathing heavy as well.

They mated till noon the next day and they decided to stay there and go back to the Clan tomorrow because they were so tired.

note

I wanted to thank you all for giving me a 1k of views and reading my story and don't worry a new chapter will be here soon and I have other stories of Scourge and Ashfur if you want to check them out.

And again thank you for your support.

Chapter 19

NO ONE'S POV

Tonight is the meeting and Scourge and Ashfur was heading over there with Bone, Brick and Oreo and Fireheart. While they were gone Scourge left Grayspot on charge for the first time, but they didn't know that Ashfur was worried all his kits and so he asked Blackfur his medicine cat friend and his brother Graypaw to watch Grayspot and the others.

When they got there they saw that the Clan leaders were already here.

"Looks like we got company," one of the cats said.

They all turn their heads and they all look and see it's BloodClan.

"What are you doing here?" another cat said.

"I invited them to come," Tigerstar says as he walks to him.

"Tigerstar you better have a good reason for bringing BloodClan here," Tallstar says.

"I do and I will tell you all everything," Tigerstar says to the other leaders.

All 4 leaders then talk in privet while they wait for the leaders.

"Hey Ashy" Ashfur looks at Scourge "you want to include us in on what's going on," Scourge says.

"O right, you guys don't know what's going on, ok well the leaders stay up there and talk if they want to talk in privet they'll do what their doing now and if it's not they'll talk loud enough for us to here," Ashfur says.

"I see, well who's who?" Scourge asks.

"Well you guys already know about Tigerstar the leader of ThunkClan," Ashfur says.

[image]

"And the one on the left is Tallstar and he's the leader of RiverClan," Ashfur says.

[image]

"And the one next to him is Leopardstar and she's is the leader of WindClan," Ashfur says.

[image]

"And the last one is Blackstar and he's the leader of ShadowClan," Ashfur says.

[image]

"And that is all 4 leaders," Ashfur says.

After a few minutes, the leaders stopped talking and turned back to the other cats.

"We have decided to hear their side of the story and why did they do what they did," Leopardstar says.

"You may talk Scourge and tell us why you did what you did," Tallstar says.

Scourge looks at Ashfur and he nods and then he talks.

"When I was a kit I was treated terribly by my siblings because I was a runt, but one day I couldn't take it anymore and so I ran away and I met this apprentice that attacked me because I was on ThunderClan territory which I didn't even know I was, but after that I was hurt really bad. But after that I made it to the city I went looking for food to eat and other cats started calling me kitty pet and at first, I didn't know what that meant, until I met a she-cat and

she told me. So after that, I went looking for ways to take this off" Scourge points to his collar "soon after I saw an old dog and as he walked into a house a tooth fell out and so I took it and tried to get the collar off but failed it got stuck on it. After that, I met Bone and Brick and they already know about my story so, but after that, they asked me for help and I agreed to help. I soon learned how to fight for the first time when Bone came to me and said Brick was in trouble and when I got there these rogue cats were going to make her their slave. After I told them to leave her alone they thought I was too small and weak and after that, something snapped in me and I killed that cat with no regrets. After that, I started making BloodClan and as the years went by BloodClan became big and strong. And one day the cat that attacked me when I was a kit showed up and asked me for help and I soon learned his name was Tigerstar" they gasp and look at Tigerstar.

"Is this true Tigerstar are you the one that causes all this trouble?" Blackstar asks.

"No, I'm not, the cat that did that was Tigerstorm, I banished him from my Clan for not following the rules and abusing females and kits as well and then he went by using my name to get me into trouble," Tigerstar says.

"Please continue Scourge," Blackstar says.

"Well after I told him I would help him, but I lied and when the time came to the fight he tried to control my Clan but they didn't listen to him and after that, he tried to kill me so he could take over, but I killed him first" Scourge says.

"What a story, but what is with the cat next to you?" Tallstar asks.

"That's Ashfur, Scourge's mate and pregnant with a new litter of kits," Fireheart says, they gasp again.

"How is that possible?" Leopardstar asks being surprised.

"Ashfur I think it's time to tell them," Tigerstar says.

Ashfur sighs "your right, it's time to tell them"

"Tell us what?" all 3 leaders say at once.

"That I can talk to StarClan in my dreams and they have given me 9 lives," Ashfur says.

Every cat goes into shock except Tigerstar since he already knows.

"Why weren't we told about this?" Blackstar asks.

"StarClan told me I was only allowed to tell my leader which at the time was Tigerstar, but last night they told me it was time to tell you all at the meeting rock," Ashfur says.

"How many times have you been pregnant?" Tallstar asks.

"This is my third litter from Scourge," Ashfur says.

"How is that possible and I ask again because you never answered my question," Leopardstar says.

"StarClan has made it possible for any cat that mates with the same sex to get pregnant but only if it's their soulmate," Ashfur says.

They talked to each other for a minute.

"Ashfur they want you to come to the rock and lie down," Tigerstar says.

"Why?" Scourge asks in a protective way while wrapping his tail around Ashfur's body.

"They want to see if Ashfur is pregnant and if he lets them and if it's true we can all live in peace and you get some of the forests as well like we agreed," Tigerstar says.

"Scourge let go," Ashfur says.

Even though he doesn't want too he does anyway and watches as Ashfur goes to the rock and lies down.

As all the leaders close their eyes and put their paws on Ashfur's belly and move around and that makes Ashfur purr. They open their

eyes and move their paws off his belly. They look at each other and nod at each other.

"It's true you are pregnant and as we agreed you will get some of the forests, but first Scourge please come to the rock," Tallstar says.

Ashfur sits up while Scourge comes up.

"Scourge to make this a permanent thing we must put a paw on you and say the chant that will give you your 9 lives, do you except it," Tigerstar says.

Scourge looks at Ashfur and he sees him smiling and then looks back at Tigerstar "yes I do"

"Very good, then we must begin," Blackstar says.

The leaders put a paw on Scourge and they do the chant and as it goes Scourge could feel something happening to him. This went on for about 10 minutes or so and when it was done the leaders continued on with the meeting and once that was done they all decided to go back home.

Once Scourge and Ashfur and the others got home they all went their separated ways.

Bone went to find his mate and his kits.

Brick went to her den for the night.

Oreo and Fireheart went to get something to eat.

Scourge went to go see Grayspot and see how he did.

And Ashfur went to go find his little ones and to make sure they're ok.

After that was all done they ate and then they went to bed for the night.

Chapter 20

ASHFUR POV

I was in the den right now giving birth with Rose in her helping me like always.

"Ok Ashfur there's one more in there and I need you to push hard," Rose says, I then push the hardest I could and after that, I was tired "congrats Ashfur you had 4 kits"

"What did I have?" I ask being tired.

"You had 3 females and 1 male," she says.

After that, she left and Scourge came in.

"Hey Ashy, what did we get this time?" Scourge asks as he lays next to me.

"We got 4 kits 3 females and 1 male" he nods "now for the names"

"Yep, now let's see what we can come up with this time," Scourge says.

We look at them closely.

"Well this one is a female and her fur is dark white with aqua color spots on her fur and on her front left paw, so can we name her **Agua**?" I ask.

"I'm fine with it, but is normal for a cat to have blue fur?" Scourge asks being confused.

"Actually yes it is" he still looks at me confused "you see it's rare but special because everybody believes that if a cat with blue fur is born they think that Bluestar is back"

"Who's that?" Scourge asks.

"Bluestar was the first leader of all cats, she also the one that made the Clans, she's a legend, but let's talk more about that later and pick names for our little ones"

"Ok" I see Scourge look at the kits "how about **Misty** for this one since she looks like the color of mist" Scourge says as his tail points to the kit.

I look at the kit "ok, **Misty** it is and what about the other 2?" I ask.

"Well since we have another black kit, because of me," Scourge says trying to act all proud and mighty, I laugh a little.

"Don't act so proud about it," he chuckles "but anyway what do you have in mind?"

"I want to call her **Nightmare** because she looks like one and plus her paws and tail have a light black on them," he says.

"Ok Nightmare it is and I want to name him **Chestnut**"

"Why?" Scourge asks.

"Well when I use to live in the forest I would see these chestnuts and they had this reddish color with brown lines all over it and that's what he has, see"

Scourge looks at him closely "o, ok I see it now"

After that was over Scourge laid back down next to me and looked at our new kits, soon after we went to sleep with my tail around my kits and Scourge's tail around all of us.

SCOURGE POV

Time has gone by pretty fast and that is because our kits have grown up and some have mates already and some don't. But before they have a mate I always made sure that they were worthy of my kits and if not I would have killed them.

But Ashfur would always stop me and he would do his thing to make me change my mind and man he's lucky I love him or I'd hurt him, but of course, I would never.....unless it's in a sexually way.

But right now I was on my dumpster watching the Clan with Ashfur by my side laying on his side with my tail rubbing his chubby belly.

Yes that's right I got Ashfur's pregnant for the 4th time can you believe it and he must have a lot in his belly because it is big and I wonder how many.

"You doing ok?" I ask.

"I'm fine," Ashfur says.

"Soon our new littler will be born"

"I know and remember I've reached my limit so this is the last litter we have," Ashfur says.

"I know Ashy"

At some point, Ashfur fell asleep cuddled up to me while I watched the Clan.

Just then Bone showed up.

[image]

"How is he?" Bone asks.

"he's fine, but he should give birth either today or tomorrow and so tell the medicine cats to be ready"

"You got it Scourge," Bone says.

"So hows my daughter Angel and your son B Jr. doing?" I ask.

"They're doing fine," Bone says.

"Your kit better be treating my kit right or you're going to have a dead son"

"O, believe me, I know that all the cats respect your kits or you'll kill them," Bone says.

"You got that right" I then look at Ashfur and I saw that he was waking up and so I licked him "have a nice nap?"

"Yeah," Ashfur says.

After that Ashfur left to check on our older kits with his friends Fireheart and Oreo with him.

ASHFUR POV

As I walked checking on my kits my friends were with me as my back up or what Scourge prefers my guards when I'm pregnant.

I know that I should be resting, but I wanted to see my babies before these new ones are born.

We were all supposed to meet today and that's why I'm not resting.

When I got there I saw that all my kits were here. And here are all the names.

Grayspot,
Angel,
Clover,
Streak,
Fireblast,
Skull,
Star,
Wolf,
Blood,
Patches,
Midnight,
Darknight,
Thorndaisy,
Icyfrost,
Aqua,
Misty,
Nightmare,
Chestnut

"Are you sure you're feeling up to this dad?" Grayspot asks.

"I'm fine"

"Are you sure it took you a while to get here?" Angel asks.

"I'm only slow because of your papa"

"I thought you were going to stop having kits and yet you have more," Clover says.

"And that is because of your papa"

"What made him want more?" Streak asks.

"Well you know how your papa gets when I'm with another male?" they nod "well he saw me with another male and he got jealous and he didn't like it and that's how I ended up like this"

"Why were you with another male for?" Fireblast asks.

"I was with them" I point to my friends "but they had to go hunting and so that left me alone with that male"

"Did he try anything?" Skull asks.

"No"

"That's good because if he did we'd kill him," Star says and they nod.

"And no one is going to touch you, dad," Wolf says.

"Except for papa of course," Blood says.

I chuckle "Yall are just like your papa in many ways"

"We are also like you," Patches says.

"Maybe"

"There's no maybe, we are like you too," Midnight says.

"I agree," Darknight says.

"Me too," Thorndaisy says.

"Same here," The rest said.

I smile at them "I'm proud of you all and so many ways and I love you all"

"We love you too dad," they all said.

Just then I groan and lay on my side and then I groan in pain.

"DAD," they all said with worry as they came to me.

"I think he's going into labor" Chestnut says with worry.

"What do we do?" Aqua asks.

"Ok here's what we're going to do," Grayspot says and they all look at him "we need to get him back home so that he can give birth to our new siblings"

"Ok," they said.

The then try to pick me up, but I groan in pain when they tried.

"Ok that didn't work," Misty says.

"Now what?" Nightmare asks.

"Dad, can you move at all?" Icyfrost asks.

"No" I groan in pain again "I can't move at all"

"Ok listen everybody" they look at Grayspot " Angel, Patches and Midnight, you will go get Rose" they nod and leave "Misty, Aqua and Thorndaisy will go get papa and tell him to come here" they nod and leave "and the rest of us will stay here and protect dad until he gives birth" Grayspot says and they nod.

"Nice to taking charge son," I said and he chuckles with a smile.

"Well did learn from the best," Grayspot says.

"Your papa right?" I ask.

"No" I look at him confused "I learned that from both of you," Grayspot says.

I smile "you're going to make a great leader one day"

"Thanks, dad," Grayspot says.

After a few minutes Rose showed up with Blackfur and my kits and then Scourge showed up with worry.

[image]

"You ok Ashfur?" Scourge asks with worry.

I was going to say but I groaned in pain.

"Scourge he's in labor," Rose says.

"Can we move him?" Scourge asks.

"I wouldn't do that?" Angel says.

"Why?" Blackfur asks.

"We tried to move him, but he felt in pain when we tried to move him," Streak says.

"We can't move him anyway," Rose says.

"Why?" Scourge asks.

"If we move him while he's in labor we could hurt the kits that are inside him," Blackfur says.

"Then what do we do?" Scourge asks.

"He's going to need to stay here until he gives birth," Rose says.

"Alright then, get started" they nod and look at me and Scourge looks at our kits "be on guard we must protect Ashfur while he gives birth," Scourge says.

"Of course Papa," they said.

I then saw them form a circle around me with Scourge next to me while Rose and Blackfur help me deliver my new kits.

It took hours but when I was finally done to all of them I passed out.

When I wake up I saw that I was in the den with Scourge sitting in front of me.

"Hey Ashy" Scourge says.

"How long was I out?"

"All night and all morning, it's noon now," Scourge says.

"How did the delivery go of the kits?"

"They're all fine, take a look," Scourge says.

I then look at them and I saw a lot of them.

"How many are here and what gender?"

"Rose and Blackfur said there are 10 of them and there are 5 males and 5 females," Scourge says.

"That's a lot" I then lick them "did you come up with names?"

"No, I wanted to wait until you woke up so that we could do this together," Scourge says.

"Ok"

We then looked at all of them closely and we think of names.

It took us a while but when we were done we named them.

Boys:
Scourge jr.
Ashfur jr.
Shade
Lightning
Rusty

Girls:
Amber
Flurry
Ashleyleaf
Hope
Crystal

We then lay together.

"I love you Ashfur," Scourge says.

"I love you too Scourge," I said.

We then kiss and then we went to sleep cuddling up together and our new kits as well.
